Hello 2008! In this action packed Victorian Visnyk you will be dazzled by the behemoth of Tabir Molodi 2007-2008, find out just who is the kurin of the quarter, see what went on at the yalynka & koliaduvania (proudly putting the uki into ukulele since 2003).

This year, stanytsia will try to bring out the visnyk quarterly, so if you would like to say anything, go ahead and say it. In ukrainian if you're keen. Червоні Маки

Курінь 'Червоні Маки' був заснований при кінці 60-их років, спершу під назвою 'Червона Калина', і зареєстрований 1997 року як 41-ий курінь УПС.

Курінь постійно активний – відбуває щомісячні сходи, традиційну піврічну та Різдвяну вечерю та періодичні зустрічі із членами Червоних Маків із Аделаїди.

На знімці Маки під час вечері в грудні 2007.

Chervoni Maky formed in the late 1960s, although in the first ~10 years the kurin was known as Chervona Kalyna. Since its beginnings, Maky have had regular monthly schodyny, a few weekend trips away and twice yearly dinners. The following photo was taken at Zara's restaurant in Coburg on Friday 7th December 2007.

2008 *Колядування*

Plastyny from Melbourne koliadyvaly on Monday 7th January 2008. It looks like they had fun!

Membership update Вкладку Вкладки

Missing that feeling of getting out the chequebook to pay your vkladky? At the last AGM the financial year was changed from ending in December to ending in June. Unlike previously advertised, Stanytsia has decided not to send out a vkladky notice for the first half of 2008 - from January to June. Think of it as a free ride on the tram when the ticket machine has broken down. Thank you to all those that paid their vkladky for 2007.

* If you would like your kurin to be featured in "Kurin of the Quarter" please send a photo and a paragraph about your kurin and its activities to sonya.radywyl@gmail.com

Пластова Ялинка

The Plastova Yalunka was held on Sunday 20th January 2008 at the Katedra Hall in North Melbourne. Plastyny and hosti enjoyed a smachna vercheria of kutia, borsht, verenyky & tista. Stanytsia would like to thank Fr Felix Figurek for the entertaining vertep that was performed by his group.

An apology & correction from the last visnyk. John Kotowskyj & Ray Pryslak have taken over the management of Sokil. We forgot about Ray, sorry Ray.

Details will eventually be up on the website in the Victoria Stanytsia section about arrangements for plastyny to access to the facilities at Sokil, so stay tuned.

Plast Pryiat also has plans in progress for 2008 and beyond. The first step is to finish off the new toilet block (seen in its raw glory at the start of December above). All who availed themselves of the facilities at tabir agreed - фе фе феномінальне!
